Julia Avery, DVM

Dr. Julee Avery obtained her Doctor of Veterinary Medicine degree from Colorado State University in May 2000 and has over 24 years of veterinary experience. Driven by a desire to expand service offerings to a severely underserved population, Dr. Avery founded Loving Care Animal Clinic. Her goal is to offer convenient care while also providing a wide range of services. What she finds most rewarding about veterinary medicine is witnessing the incredible bond between humans and animals.
